

STEP 1

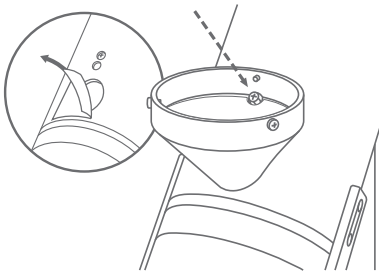

Remove the original hopper. Cover the bean chamber with the sticker inside the package. The sticker prevents screws from falling into the bean chamber.

STEP 2

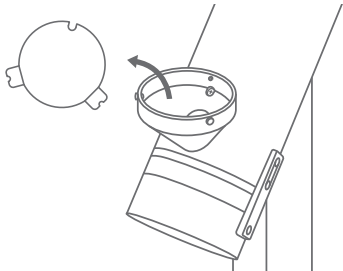

Secure the screw in the upper hole using a #1 PH screwdriver.

STEP 3

Remove the sticker and attach the Multi-Purpose Hopper to the grinder with a #2 PH screwdriver.

STEP 4

Ensure the hopper is fastened firmly to the grinder. Once secure, remove the paper blocker from inside the hopper.
