Clean, fresh water

CLEAN TASTING COFFEE IN JUST 4 EASY STEPS:

READY TO USE!

CLEANS IN 2 MINUTES

Eco Capsule Clean is simple and quick to use. You can clean your machine in the time it takes to make two long black coffees!

7 X MORE EFFECTIVE THAN HOT WATER

Rinsing with hot water alone does not remove coffee oils and other beverage residues.

ECO-FRIENDLY

Eco Capsule Clean is a biodegradable Nespresso®-compatible capsule containing Cafetto's cleaning powder EVO® – the world's first espresso machine cleaning powder that is certified by an organic certification company.

Eco Capsule Clean is free from phosphates and GMO ingredients.

100% biodegradable capsule and recyclable foil.

A simple-to-use cleaning capsule that thoroughly cleans the brewing chamber and delivery spout in Nespresso®† capsule coffee machines.

- Compatible with Nespresso®† machines.
- Removes build-up of old coffee oils for better, fresher tasting coffee.
- Completely and rapidly soluble.
- Free-rinsing formula leaves no trace of odour.
- Reduces risk of machine break-down that can occur as a result of blockages.
- Safe for all machine parts.
- Use between different beverages to stop cross-contamination of flavours.

† "Nespresso®" is a registered trademark and is not associated with Cafetto® Pty Ltd or Eco Capsule Clean.

HOW CLEAN IS YOUR NESPRESSO®† CAPSULE COFFEE MACHINE?

Coffee can develop an oily residue in the brewing chamber and in the delivery spout of a machine. The resulting coffee oil build-up can taint the flavour and taste of your coffee!

To make sure you get the best tasting coffee flavour and to keep your machine in its best condition, use Cafetto® Eco Capsule Clean weekly.
