

COMANDANTE® C40 NITRO BLADE® 'DEEP PURPLE'

PART NO. 4605

EAN NO. 4260113439210

Say hello to the **C40 NITRO BLADE 'DEEP PURPLE'**!

A bold new look. The same legendary performance that's been changing the game for over a decade.

Handcrafted by our team at HQ in Munich to our fanatical quality standards, the **COMANDANTE C40 NITRO BLADE 'DEEP PURPLE'** is built to last and ready to rock on any brew bar. The rich, regal tone is applied to the **C40's** stainless steel body using a robust powder coating for long-lasting durability.

Inside, the **NITRO BLADE** burr set takes advantage of our proprietary **NITRO REX®** steel — a masterpiece of material science and the absolute pinnacle of burr technology. Its incredible hardness and edge retention guarantee a lifetime of world class grind performance.

Your **NITRO BLADE** burr is highly inert, avoiding premature oxidation of and reaction with beans during the grinding process, preserving the complexity of high quality coffee. It's no coincidence that **NITRO BLADE** is so celebrated for flavour clarity and has won multiple world championship competitions. It's also incredible for use with tea, salt, pepper, or other dry herbs and spices. Go explore the limits of flavour!
