A NEW DAWN WITH MM530

THE MORNING SPECIALTY CAPSULE MACHINE,
REIMAGINED IN MINIATURE

In our continuous quest to perfect the ultimate home coffee experience, we reimagined the Morning Machine and put together the Morning MINI MM530 - introducing compact brilliance, affordability and a seamless user experience to elevate your brewing ritual to new heights.

DESIGN HIGHLIGHTS

INTERACTIVE INTERFACE

The OLED screen coupled with the haptic slider allows intuitive integration with the Machine's features.

INTERMITTENT WAVE BREWING SYSTEM

We've developed a programme which delivers water in different pressure profiles by controlling output power with duty cycles.

TEMPERATURE PRECISION

We've added not one, but two thermosensors, coupled with a customised PID (Proportional Integral Derivative) algorithm and NTC sensor that ensures water temperature is accurate to 1.5°C.

WEIGHT-BASED BREWING

With our in-built scale, the Machine utilises output readings to have real-time control over brewing

FEATURES

■ 5 READY-TO-BREW RECIPES

Each designed to cater to diverse coffee choices and preferences; and ready to brew right out of the box.

■ PATENTED BREWING TECHNOLOGY

Dynamic Control: Embracing the familiarity of our patented brewing technology, we continue with the dynamic brewing experience by modulating water pressure through carefully crafted duty cycles.

■ TEMPERATURE PRECISION & WEIGHT-BASED BREWING

Precision Maintained: With the continuity of a dual thermosensor setup, a specialized PID (Proportional Integral Derivative) algorithm, and the NTC sensor, the MM530 ensures unwavering accuracy in maintaining water temperature, down to 1.5°C. With the in-built scale, the MM530 retains the same integrated weight-based brewing capabilities. It ensures brew accuracy down to the last gram, guaranteeing a precise and consistent brew every time.

■ HAPTIC SLIDER

Seamless Interaction: The Morning MINI MM530 introduces a sleek haptic slider bar, revolutionizing the user interface for an exceptionally intuitive experience.

■ MOBILE AND PLATFORM CONNECTED

Connected Convenience: Powered by a wireless cloud server connection. Execute over-the-air updates for new features and improvements and draw from our archive of partner roaster recipes to brew each capsule exactly as how it's intended to using the Morning Mobile App.

■ COMPACT WITH SMALL FOOTPRINT

Compact Brilliance, Affordable Luxury: Affordability meets excellence as the MM530 delivers exceptional quality without compromising on features. With a 20% reduction in Bill of Materials (BOM) cost, the MM530 is a cost-effective solution for those seeking unparalleled performance at an unbeatable price.

CONNECTED CONVENIENCE

The Morning Machine is the first connected capsule coffee machine with free firmware updates for the latest features. The app empowers users to discover roaster recipes as well as develop their own.

MORNING MARKETPLACE

Your one-stop-shop to discovering your favourite brews — a collection of the latest sustainable capsules* from the world's best roasters. Pick your coffees and have them shipped directly to your doorstep.

MORNING MOBILE APP

Draw recipes directly from the roasters on the Morning App. Using IoT-technology, the app lets you discover the latest recipes from our roaster-partners and download them to your machine. Customise your recipes through the app or directly through the machine.

SPECIFICATIONS

FEATURE	SPECIFICATIONS
Size	32 cm [L] × 8.4 cm [W] × 22.4 cm [H]
Weight	4.5kg
Adjustable Cup Height	15cm (with drip tray), 25cm (without drip tray)
Water Tank Capacity	600 ml
Used Capsule Bin Capacity	4-6 capsules
OLED Screen	1.44 inches
OLED Interface	128×32 Display
Buttons and Interactions	2 Capacitive Buttons, Touch slider interface 50mm x 8mm
Electricity	AC220-240V 50-60Hz 1200-1300W; AC120V 60Hz 1250W
Pump	19 MPa, 120V, 60Hz or 230V, 50Hz
Max Pressure	19 bar
Pressure Control	3 stages, 7 levels
Output Control	1g steps 1g~250g
Temperature Control	75°C-98°C, in 1°C increments
Connectivity	Wi-Fi & Bluetooth
Capsule Compatibility	Nespresso® OriginalLine capsules and third-party compatible capsules
Mobile App Compatibility	iOS (version 10.0+), Android (version 5.0+)
Hot water bypass	Not available
Recipe Slot	5

MM730 IN WHITE

Recipes	10
Water Capacity	850ml
Max Capsule Bin Capacity	10
