

PITCHER RINSER BLENDER ATTACHMENT INSTALLATION INSTRUCTIONS - RHBRM

FOR EXISTING RINSER SET UPS

STEP ONE

Unscrew and remove the black tip section above the star. Keep this part for later re-installation.

STEP TWO

Remove the star component. Store this part for future re-installation should it be required.

STEP THREE

Place the large black circular attachment through the stainless steel threaded connection on the sink.

STEP FOUR

Screw the long silver attachment onto the threaded connection on the sink.

STEP FIVE

Reattach the black tip by screwing it onto the threaded connection of the long silver attachment.

STEP SIX

Once assembled, the rinser will look like the below. You can now use your rinser to rinse blenders.
